

# Congratulations!

---

**has taken part in Let's Count!**  
and has learnt all about the census and why  
it is so important for everyone to fill in the  
census questionnaire on Sunday 21 March 2021

census  
2021

Let's  
Cöunt!

# What is the census?

The census asks all grown-ups in England and Wales lots of questions. It is really important and only happens every ten years! The answers help the government, charities and business, plan what services the country will need in the future.

The census helps children like you and your friends. It will also help our school and local community, including the NHS.

The next census is taking place on  
**Sunday 21 March 2021**

Be sure to get your parents/carers, grandparents, aunts and uncles to fill in the census, so their voices are heard. It's really easy and they can do it online at [www.census.gov.uk](http://www.census.gov.uk)
